

SUPPLIER RFP PROPOSAL: NEXAWORKS ENTERPRISE MODERNIZATION PROPOSAL

Supplier: NexaWorks | Date: 2026-03-01 | Experience Rating: 4.5/5.0

SECTION 1: EXECUTIVE SUMMARY & UNDERSTANDING OF REQUIREMENT

NexaWorks delivers a balanced, pragmatic, and highly structured procurement solution. We combine modern modular architecture with the market's most rigorous implementation methodology, change management program, and white-glove operational support.

SECTION 2: PROPOSED SOLUTION & TECHNICAL ARCHITECTURE

Technical Architecture: Modular domain-driven design using Python FastAPI services, Next.js frontend, and PostgreSQL with Redis caching. Pre-built connectors for SAP, Workday, and Salesforce. Scalability benchmarks confirm stable response times under 100,000 concurrent users with 99.95% availability SLA.

SECTION 3: TIMELINE, TEAM STRUCTURE, AND MILESTONES

Delivery Schedule: Comprehensive 16 weeks timeline. Phase 1 (Weeks 1-4): Requirements & Architecture Blueprint. Phase 2 (Weeks 5-10): Core Integration & Workflows. Phase 3 (Weeks 11-14): Comprehensive End-to-End Testing & Staff Training. Phase 4 (Weeks 15-16): Phased Rollout & Hypercare. Team: PMP-certified Project Director, Enterprise Solutions Architect, 3 Senior Engineers, Dedicated Change Management Consultant.

SECTION 4: PRICING TABLE & COMMERCIAL ASSUMPTIONS

Commercial Value: Total Investment is \$295,000. Includes implementation, change management, and 6 months of premium hypercare. Annual license & maintenance: \$45,000. Transparent milestone payments tied strictly to deliverable approvals.
